

BLUE FLAG PROGRAM

During winter months and after heavy rains, **we ask for power carts to remain on cart paths at all times.** Some members have mobility restrictions, and we want them to be able to continue to enjoy golf during these times.

Players displaying a Blue Flag on the back of their cart have permission to drive on the fairway and rough using the “90 Degree Rule*” to limit the distance they must walk while playing. They are issued a Blue Flag so staff and other golfers can verify quickly from a distance that they have permission to leave the cart paths. *90 Degree Rule = “OK to leave the cart paths, drive 90 degrees to get to your ball, and return to the cart path as quickly as possible.”

Conditions & Restrictions:

In order to qualify for a Blue Flag, we ask for either:

- 1. Official Handicap Placard on your personal vehicle, OR**
- 2. A signed letter from your physician indicating that you have mobility restrictions and cannot physically walk 100 yards at a time promptly.**

If you are physically capable of walking 100 yards at a time promptly, we ask that you do NOT request a Blue Flag from the Golf Shop team.

For those that do qualify for a Blue Flag, please check boxes and sign below:

- Please keep carts on paths as often as possible.
- Please keep carts 30 yards or more from putting greens at all times.
- Please keep cart on cart paths at all times on par threes - holes 2, 6, 13 and 17.
- Please keep cart on cart path at all times on hole 12 specifically (does not drain well).
- Please use your judgement and experience to avoid areas of particularly wet or soft turf.
- There will be days when Blue Flags (or even power carts use) will NOT be allowed due to extremely wet conditions. Usually following extended periods of heavy rain.

Daily course conditions are updated on the home page of BlueOceanGolf.ca from Nov-Mar.

Abuse or non-compliance with the program would lead to cancellation for all, and we would prefer to avoid that scenario.

Thank you in advance for doing everything you can to keep Blue Ocean in great shape for all.
