FROST DELAY PROCEDURE 2026 - 2027

We want to get as many people playing as close to your original tee time as possible, while protecting the long-term health of our playing surfaces.

Daily Procedure:

- Daily course conditions will be updated on the home page of www.blueoceangolf.ca every day 1 hour before the first tee time, and again as necessary throughout the day.
- When the **earliest possible** start time is determined, we will reschedule existing tee times and **send updated email confirmations**.
- **We assume you would like to play at your rescheduled tee time.** If that is not the case, **PLEASE CALL US TO CANCEL YOUR TEE TIME.** Others may like to play if you cannot. Apologies if we cannot get to your phone call. **Please do leave a message.**
- You will **NOT** be able to cancel reservations online within 24 hours of play, as per policy.
- **When the back 9 is closed, 18 hole groups may be asked to limit their golf to 9 holes on that day**. We prefer not to tell other 9-Hole or Twilight members that they may not play once, so others can play twice. We will accommodate 2nd nine laps on the front 9 to the best of our ability, as space and time allow.

Notes of interest:

Please watch the USGA's Frost Delay Video to learn more about why frost delays are necessary.

- We will never start later than 11:30am, unless the course is closed for the day.
- We will offer as many holes for playing as possible. 9 hole minimum *most* days.
- There may or may not be temporary greens. Please play the pins as they are on course.
- Regular Value Season green fee rates apply.
- Please respect all signage and stay off any playing surfaces that are closed.
- Earliest tee time will be 9:30 am November 16th through January 31.
- We will be BLOCKING TEE TIMES in advance from 11:30am – 12:45pm on days when frost delays are expected. This provides space to reschedule morning times, should frost occur.
- **Availability of tee times may change quickly on the day of play. You may always book available tee times online or call us to adjust your tee time if no frost delay occurs.**

Thank you in advance for your understanding, your patience and keeping us informed of your intention to play or not play. Enjoy your winter golf and always remember how fortunate we are to be playing from November to March while our friends in other parts of the country shovel their driveways!
