(Wedding @ Blue Ocean Aug 24)

If you are planning any event then please do yourself a favor and inquire with this venue because WOW! I just got married and had my reception at the restaurant and received amazing service from Lisa as she helped me plan everything, chef who made AMAZING food and staff who provided such great service and had great energy the whole night! I am over the moon with how everything went. Truly grateful to have found them during my planning stages!! Thank you!!!!
